## 2021 Post Covid & Tax Time

What a different year 2020 was and 2021 is hopefully looking better.

Covid has certainly made us look at the world and how we operate from

new perspectives. My thoughts and prayers go to all those that have or remain affected by the Covid pandemic.

TAS is here to help with all your taxation requirements. Please start preparing your paperwork so that we can prepare and lodge your individual income tax returns prior to 31 October 2021 in line with our objectives.

Our team are here help you with any queries that you may have. Being tax season, please contact us to make an appointment or drop your paperwork and we can call you when completed. Please do not hesitate to contact us

## TRINITY BUSINESS HUB

For the past several years, Adele of All Done Bookkeeping has based herself from our premises. It is with mixed emotions that Adele made the decision to sell her business. However, the good news is that TAS purchased her bookkeeping clients as an expansion to our existing bookkeeping clients.

With this expansion we welcome Janine to our team, and also have created a bookkeeping trading name known as EZIbooks WA. **EZIbooks WA** is available to our non tax/accounting clients as well. We provide service for everyone and welcome new bookkeeping clients. We do not require or even suggest the need for you to move accounting services. However, should you wish to discuss this service we are more than happy to chat with you.

Your personal referrals mean a lot to us and we hope these will continue for accounting/tax compliance along with bookkeeping roles

## Staff Update:

January 2021 saw us farewell Lisa our Office Manager/Admin. Lisa is going strong with her business Mandurah Men's Formal Wear. I'm sure she is missing us greatly!!

Kathy Murphy has recently joined our team as the Office Manager/Admin. Please join us in welcoming Kathy aboard. Her past skills and experience in administration and accounting fields will add to our teams expertise.

As part of the bookkeeping purchase we welcome Janine Turner to our team. Janine has Cert IV in Bookkeeping and comes with 8 years plus skills and knowledge in various software and bookkeeping roles.

With our team of four we look forward to continuing our services within a warm relaxed friendly environment.
